

# HARDING LAUNCHES INTO FIGHT TO JAM SHIP SUBSIDY BILL THROUGH

## PRESIDENT WILL LEAD FIGHT IN U. S. CONGRESS

Chief Executive Will be Consulted at Every Turn in the Contest

**SAINED MORE VOTES**

Indication Are That Bill Will Pass House by Slim Majority.

Washington, Nov. 22.—President Harding launched full tilt today into the hardest fight that has thus far marked his occupancy of the White House on the leadership of his party—the battle to jam the ship subsidy bill through a Congress that is none too willing, where it is not downright hostile.

The President has assumed personal command of the fight. Not only will he be consulted at every turn in the difficult road ahead, but he will seek by personal contact to win the wavering ones in both Senate and House. The next few weeks will see many conferences at the White House between Mr. Harding and those who are known to be "on the fence" regarding the administration's pet measure.

President Harding and his legislative advisers believe they gained votes for the measure by the cold, dollar-and-cents argument advanced by the President in his speech Tuesday.

Most of the opposition to the ship subsidy comes from the grain belt region where the farmers have been hard hit by the low prices and high taxes. The impression is general throughout the grain belt that the ship subsidy bill will allow big interests to dip into the treasury and this impression that the President believes he has largely eradicated by stressing the argument that actual saving to the treasury can be effected by enacting the bill.

A new poll of the House, taken by administration lieutenants, indicates they said today, that the bill will pass the House by a majority of about 30 votes, slim enough in a Republican majority of 160. The majority is not large enough to give the supporters of the measure any feeling of comfort for absenteeism and disgruntled "lame ducks" can wipe out that in the twinkling of an eye.

Representatives Garner, of Texas, Oldfield, of Arkansas, and Garrett, of Tennessee, Democratic leaders, were busy today lining up the opposition. They asserted that Democrats would oppose it almost to a man.

Representative Dickinson, Republican of Iowa, one of the leaders of the farmers' bloc, was circulating an amendment to the bill today designed to appeal particularly to the agriculturists. He proposed that producers be given a preferential freight rate to seaboard, equal to 25 percent of the total cost of transportation. Dickinson and his associates said this amendment would be insisted upon in order to give the farmers some of the benefits that otherwise would be confined to ship owners and operators.

In the Senate the fate the president's measure admittedly is in doubt. The lines there are more tightly drawn than in the house and the agricultural and militant progressive group is stronger. The president will do a lot of "missionary work" in the Senate in the next few weeks.

Senator LaFollette's opposition was undiminished by the president's message as was Senator Borah's.

**SON SAVES LIFE OF FATHER IN ACCIDENT**

Cincinnati, Nov. 22.—After being pinned under an overturned automobile truck in Muddy Creek for an hour and a half near his home on Tuesday, Henry Kinnemeyer, Sr., 52, a farmer, was reported to be in a serious condition at St. Mary's hospital today as the result of exposure and injuries consisting of a broken right leg and arm, scalp lacerations and cuts and bruises on the body.

The man's life was saved by his 15 year old son Henry, Jr., who stood waist deep in the icy water supporting his father's head above the surface until his mother discovered their plight and summoned neighbors to the rescue.

The boy and his father were bound for a Cincinnati dairy in their milk truck when the youngster's coat became entangled in the steering wheel in trying to free it he lost control of the car which crashed through the guard rail of a bridge over Muddy Creek and plunged 15 feet to the bed of the stream. The boy leaped before the car left the bridge and escaped injury. He reached his father's side just as his head was disappearing under the water.

## Government May Decide to Probe Klan's Activities

Federal Authorities May Take Hand in Interstate Ramifications of Organization if Local Authorities Fail to Check Depredations.

Washington, Nov. 22.—The federal government may decide to investigate the interstate ramifications of the Ku Klux Klan, if state authorities fail in efforts to check depredations by members of the organization, it was learned today.

Governor John M. Parker, of Louisiana enroute from Washington to Baton Rouge today after failure to secure immediate intervention by the government to stop interstate activity of the Klan is said to have gained the assurance of Attorney General Daugherty the government will act, if state officials find they cannot check the atrocities.

The department of justice examined the record of crimes alleged to have been committed by the Klan in several states, besides Louisiana. Federal district attorneys may be instructed to follow up the complaints with instructions to follow klansmen who cross state boundaries to commit crimes.

Reports of Klan activity in Texas, Louisiana and Mississippi are in chief Burns hands.

## NEW YORK CROWD THRILLED BY "FLY"

Harry H. Gardner, said to be the original "human fly" and who scaled the Steele Building last summer for the edification of a large crowd and the benefit of Foody Post of the American Legion, is winning new laurels for himself.

Gardner recently received considerable publicity when he thrilled thousands of shoppers in New York City by scaling the walls of the Hotel McAlpin, and perching himself on the cornice, 25 stories above Herald Square.

The accompanying picture shows Gardner at a perilous moment in his climb. Gardner has been climbing buildings as a means of livelihood for many years. He made a number of friends on his visit here.

Waco, Tex., Nov. 22.—Grady Skipworth, 19, was shot and killed and his young woman companion attacked, near Lovers' Leap, on the Bosque river, near Waco. The couple were riding in an automobile. Skipworth was shot at close range. According to reports to the police, the assailant was a negro, who held up the automobile in which the couple were riding and who, after stopping Skipworth, shot him and threw his body over a 30-foot cliff. The negro later threw the girl over the cliff. She made her way home. The negro escaped in Skipworth's automobile.

# TIGER OF FRANCE IS SOUGHT BY U. S. CITIES

## RECEIVE APPEAL IN SEVERAL WAYS

Washington, Nov. 22.—The appeal of Georges Clemenceau for greater American participation in European affairs was received with mixed emotions today, judging from Senatorial comment obtained on the Tiger's Metropolitan Opera House speech in New York. Republican Senators opposed to the League of Nations were not favorably impressed with the Tiger's ideas of America's duty abroad.

Democratic senators, friendly to the league of nations, received his speech with more approval.

## THREAT OF NEW WAR STRESSED BY CLEMENCEAU

Tiger of France Says Germany Preparing for Conflict.

**MAKES FIRST ADDRESS**

Declares U. S. Will Sooner or Later Interest Itself in Europe.

New York, Nov. 22.—Georges Clemenceau today was deluged with telegraphic invitations to visit nearly every big city and cross roads hamlet in the United States.

That was the reply to the speech made last night in the Metropolitan Opera House which the former French premier considers the most important of his career. Stacks of these invitations of necessity went unanswered. To the municipalities of Indianapolis, Cincinnati and New Orleans, he sent this message: "Thank you for your amiable invitation which I regret I am unable to accept. But, when I am a little older and able to give more time to work and less to pleasure I am coming back and visit every town and hamlet between the two great oceans."

New York, Nov. 22.—Georges Clemenceau, war premier of France, declared in the first address of his American tour that militarists in Germany are already preparing for another war.

The Tiger of France, speaking fervently at the Metropolitan opera house here, reviewed the situation in Europe, pointing to a rapprochement of the Turks and soviet Russia as ominous war clouds.

In the meantime, he declared, Ludendorff and other German militarists were planning a coup against the democratic government there.

Describing the present as a time of "greatest crisis," he urged that the United States should renew conversations with France and England, which, without definitely committing this country to any set program, would present to German eyes a picture of the three unpleasant folks who faced her in the war. He said that sooner or later America would have to interest herself in the post-war affairs in Europe, because she could not continue to be comfortable and wealthy if Europe was covered with blood.

Clemenceau expressed hope that the United States would establish a plan as to what was to be done toward carrying out the terms of the peace treaty and join with England and France in imposing it on Germany. He was frank in his criticism of America's post-war attitude, declaring that America had had a large share in imposing the peace terms and had a duty to see that they were enforced.

Challenging the worth of Germany's signature to a treaty, the Tiger declared that if France had known in 1918 that reparations would have been unpaid four years later, she would have gone on to Berlin. He said he did not believe in the league of nations as a means of preventing war, but that he believed in it as a means of arranging matters, deferring war and giving peoples time to think.

Morrill for this year is 100 simultaneous meetings.

O. Thompson, president of Ohio State university; Dr. J. W. Wilce, football director; Alumni Secretary J. L. Morrill and others.

# NEAR EAST CONFERENCE CRACKING

## RAILWAY BOARD RULES AGAINST ROAD OFFICIALS

Chicago, Nov. 22.—The United States railroad labor board for the first time deviated from its policy that employees by striking take themselves from the jurisdiction of the transportation act.

The board decided in favor of the shopmen and against the Western Maryland Railway company, where the question of contracting out shop work was involved.

In the decision the board construed the contracting of shop work as an attempt to remove the employees from the application of the act and directed the carrier to take up the matter of reinstatement with the employees.

The shopmen of the road struck March 25 after the road had contracted its shop work in Maryland, West Virginia and Pennsylvania, the contractors cancelling working rules and rates of pay established by the labor board.

The road held that because of the contracts, the shopmen were not its employees, but those of the contractors, and that, by virtue of their strike, they had failed to comply with the rules and decisions of the labor board, and thus withdrawn from the board's jurisdiction.

The board's opinion stated that "these contracts were merely subterfuges by which the carrier arbitrarily changed the wages and working conditions of these employees without compliance with the provisions of the law," and that by taking steps to close its shops, transfer its employees to a new employer, remove them from the application of the transportation act and obliterate their wage and rule agreements, their action "was equivalent to a lockout."

## OFFICIAL RETURNS OF ELECTION GIVEN

Columbus, Nov. 22.—Governor-elect Donahay's majority over his Republican opponent, Colonel Carmi Thompson, was 18,648, the tabulation of official returns from the 83 counties at the office of the secretary of state shows. Donahay's total vote was 821,948, Thompson's 803,300.

Earl D. Bloom's majority over W. H. Chatfield, Jr., his Republican opponent for the lieutenant governorship, was 12,701. Bloom receiving 766,397 and Chatfield 753,696.

Judge Florence E. Allen's margin of victory over Judge Benson W. Hough was 48,196 votes. Her successful colleague, Judge Robert H. Day, received 158,161 more votes than Hough.

Senator-elect S. D. Fess scored a majority of 49,601 votes over Senator Atlee Pomerene. Mrs. Virginia Darlington Green, independent candidate for senator, received a total of 21,514 votes.

Chillicothe, O., Nov. 22.—While a few snow flakes were falling, A. V. Marcus, farmer, residing at Pyllys Lane, west of here this week, picked ten quarts of spring bearing strawberries from a patch that bore ten bushels earlier in the season.

A few days ago he picked a second crop of grapes from his arbor. He has several cherry trees in full bloom.

## TRAIL OF BANDIT ARMY IN CHINA IS STREWN WITH DEAD

Outlaws Burn and Loot Towns in Campaign of Pillage.

Shanghai, Nov. 22.—The bandit army of Honan province, 30,000 strong, which has kidnapped a number of foreign missionaries recently, is laying waste a path six miles wide across the province, burning every city, town and farm house in its line of march, and leaving its trail strewn with dead, according to information from H. E. Ledger, an English missionary, who escaped.

"The bandit army," said Ledger's letter, "is made up mostly of disbanded troops, the majority of them well mounted and well armed. They march over the countryside spread across a route six miles wide, lighting their way at night by burning farm houses. Every city and town through which they pass is burned and looted. Thousands of men, women and children are being carried away. Some of these have been cruelly shot. Our road was strewn with bodies."

## PAYS FIFTY THOUSAND FOR STRAWBERRY PLANT

Three Rivers, Mich., Nov. 22.—Fifty thousand dollars for a single strawberry plant was paid by Frank E. Beatty, president of the R. M. Kellogg company, fruit growers. The plant is to be known as "The Rockhill," in honor of its breeder, Harlow Rockhill of Conrad, Iowa. The price is believed here to be the highest ever paid for a single strawberry plant. The plant bears in early summer and begins again in the late summer, bearing continuously until frost comes.

## HARMONY NOW DISAPPEARING UNDER STRAIN

Turkish Delegates Angered Over Rejection of All Their Requests.

Loussanne, Nov. 22.—The harmony which marked the first stage of the Near East peace conference had been shattered by the delegates assembled again today in secret session.

Ismet Pasha and the other Turkish delegates were plainly angered by the ready rejection of all their requests and they were particularly disgruntled over the active interest shown by the United States in Turkish affairs.

There were reports that Tuesday's meeting had been very stormy but the British denied this.

Secrecy was increased today. Correspondents were even barred from the Chateau Press Salon. The French, British and Italians—the dominant triumvirate of the conference—have not yet succeeded in reaching a decision among themselves upon coercive measures to be applied to Turkey in the event the Turks become recalcitrant and attempt to wreck the conference.

## ACTION IS TAKEN AGAINST STRIKES

Chillicothe, Nov. 22.—There will be no more strikes at Sherman Tech. U. S. Veterans' Bureau Vocational School No. 1, or, if there are, some more drastic steps will be taken.

President F. G. Dexter has received the following telegram from Col. C. E. Forbes, director of the national bureau: "If any trainee voluntarily withdraws from training he shall be permanently discontinued from training and issued railroad transportation. Explain the seriousness of being permanently discontinued."

Copies of the telegram were circulated among the students who were advised by President Dexter that he will address them on the subject at the next student assembly.

The mother mouse is said to have made a complete recovery.

## WIDOW SUSPECTED SITUATION IN CASE WITNESS DECLARES

Mott Prepared to Introduce This Angle at Meeting of Investigators

Somerville, N. J., Nov. 22.—Testimony to the effect that Mrs. Edward W. Hall, widow of the murdered rector of St. John's Episcopal Church, suspected the clandestine meetings between her husband and his choir singer, Mrs. Eleanor Mills, as far back as last February was one of the main things Special Deputy Attorney General Wilbur A. Mott prepared to present before the Somerset Grand jury as they convened for the third day of their investigations into the mysterious murders.

This testimony will be followed according to the present plans, by evidence concerning the movements of the residence concerning the movements of the rector's widow on the day of Sept. 14, and particularly on the night between the hours of 9 and 3 o'clock the next morning. Mrs. Anna Vorhees, the woman living near the scene of the crime, was the first witness called today when the grand jury resumed their session. Mrs. Vorhees heard the shots and screams and helped to fix the time of the murder.

It was learned that Mott has no intention of calling Mrs. Jane Gibson, his star witness today. It is understood she will appear before the grand jury Monday. The jury will adjourn this afternoon until Monday.

## POLICE ARE MASSED TO PREVENT RIOTING IN ENGLISH CAPITAL

Seek to Keep Unemployed From Making Demonstration in London.

London, Nov. 22.—Hundreds of foot and mounted police were massed along the Thames embankment today to prevent unemployed workers from carrying out their threat to march into Downing Street and make a hostile demonstration in front of the premier's official residence.

The decision to make the demonstration came after Premier Andrew Bonar Law, for the second time, since taking office, refused to receive a deputation from the ranks of the unemployed, who sought promises of relief in parliament.

Accusations are openly made by Tories and the Tory press that the demonstration was "staged by Moscow." They expressed fear of riots.

A statement issued from the premier's Downing street residence, claimed that the extremist leaders among the workers had given orders to the unemployed to "infiltrate by twos and threes into 'Whitehall' by means of the marchers, it was claimed, would be armed with revolvers and other weapons.

## OCCUPATIONAL TAX VALID

Columbus, Nov. 22.—The supreme court upheld the constitutionality of Cincinnati's occupational tax, a bone of contention ever since its inauguration in 1920 by ordinance of council.

Five Cincinnati loan companies brought suit against the tax, alleging unconstitutionality, but all courts held against them. The ordinance imposed a tax of \$100 on chattel mortgage and salary brokers and \$150 on installment loan brokers.

## WISP OF GIRL IN DANCING COSTUME CENTER OF POLITICAL CONTROVERSY IN CLEVELAND

Cleveland, Nov. 22.—A little wisp of a girl, wearing nothing much but a girlish and a pleasant smile is the center today of one of the most heated controversies in Cleveland's

political circles in years. Even her name is withheld. All that is known is that she is a dancer at a burlesque house in Cleveland.

Last night, while Republican members of the City Council were enjoying dinner at a downtown hotel, the little girl came on the scene, and, as Kipling said, "the uniform she wore wasn't very much before, and a little less than half of it behind."

"I've come to dance for you," she cooed, and started to remove part of her dress.

The statesmen stared and gasped.

The preparations went ahead.

Then one member, who was accompanied by his wife and little daughter nudged Council Clerk Fred W. Thomas.

Thomas saw his duty and did it.

"The door by which you entered is still open," he said. "Beat it."

The siren doubted, smiled—then convinced by the firmness of the clerk's tone, did as she was told.

"It's a plot of the enemy to get council in bad with the people," declared one.

The unhappy man whose wife was with him, however, vows that it was a plot of some one directed against him to the end that he fail to attend such dinners in the future.

And now they're talking of a censor of dancers' costumes.

## REPORT ON WORLD MOVEMENT OF W. C. T. U. IS RENDERED

A detailed report of the World and National Convention of the W. C. T. U. held recently at Philadelphia, was given before the members of the Executive Committee of the Greene County W. C. T. U. at the all-day meeting held at the home of Miss Jennie Moffett, on North Galloway street, Tuesday, by Mrs. Carrie Flatter, county president.

Mrs. Flatter told interesting phases of the convention, including a description of the building in which the meeting was held, which seated 4,000 people, who packed the auditorium from nine o'clock in the morning until 11 o'clock at night, during the five day session.

Plans were made by the County Executive Committee to stress the campaign of education, for reverence and respect of law, referred from the convention. A resolution was passed commending the recent action of the county officials, expressing willingness on the part of the organization to support whenever possible, the movements of the officials. The Union also commended the recent statement of Captain C. L. Darling, former State Commander of the American Legion, concerning the position of the Legion with reference to the light wines and beer amendment. Twenty five members attended the all-day session, which was featured by a delicious luncheon at noon.

## FIDDLERS' CONTEST COMES TO XENIA ON MONDAY EVENING

"Yankee Doodle," "Old Gray Mare," "Hot Time in the Old Town," and other old melodies will be aired at City Hall Theater Monday night, at an "Old Fiddlers Contest," the first to be held here for years.

The only qualification that must be met by the contestants is that they play their instruments, of no matter what description, by "ear" and not by notes. Numerous prizes will be offered to the winners to make it worth while for the musicians to enter.

## THE WONDERFUL LINCOLN HIGHWAY.

Continental travel on the Lincoln Highway broke all records for the touring season now closing. This is the reason for the popularity of the Lincoln Highway from Detroit to Headquarters of the Lincoln Highway at Detroit from all quarters along the route west of Detroit. Accurate records have been kept.

Mr. Bement, Vice President and Secretary of The Lincoln Highway Association, recently completed a fast inspection trip from Detroit to San Francisco in the official Studebaker Big Six. Total mileage covered during time 18 days.

The memorial road is rapidly approaching completion. According to Mr. Bement, who followed a 250-mile route across Indiana, Illinois, Iowa, Nebraska and South Dakota.

At this time 150 miles of the Lincoln Highway from Hudson River and Salt Lake City which cannot be driven at 35 miles an hour," said Mr. Bement upon his return from San Francisco, "and in that 150 miles of detours necessitated by construction under way." It is pointed out that one reason for the tremendous increase of traffic over the Highway this year is the expansion of the route between New York City and Salt Lake City. This 2,400 miles of the route being almost

## THE PREMIER POINTS THE ROAD TO INDUSTRIAL PEACE.

To put an end to the perpetual strikes that disturb the prosperity and progress?

Mr. Lyon Mackenzie King, Prime Minister of Canada, here is. Of course he would not put himself in the position of a neighbor, but he is always ready to discuss problems in the abstract, for he has made the study. He drafted laws embodying some of his ideas on the disputes which are now a part of the Canadian

labor, there is labor, which supplies the muscular and necessary. Next there is capital, which is necessary for the raw materials, the tools, appliances and equipment to industrial processes. Third, there is management ability. The fourth party is the community, which we speak sometimes as organized society. These are the four parties necessary to industry but necessary to one another. Capital can do nothing, labor can do nothing without capital. Neither can co-operate effectively in industry save under the management; and management, however, can do nothing apart from the opportunities and community affords.

These parties are necessary to industry, and equally another, then surely, all four should have some role of industry and with regard to the conditions of service to industry is rendered.

It is given the four parties to industry, the problem of industrial relations is a matter simply of accordance with principles which have long been established and just.

These principles are that of conference. It is to be anywhere with a man with whom you are in conference is chiefly a matter of attitude. It is good-will, confidence; not aloofness, distrust which too frequently is the attitude.

It is to be seen that the control of Labor by its dependent upon its organization into conservations; that it is among the unorganized and untrained that Bolshevism and I. W. W.-ism recruit error and destruction. In a union of the organized and capital against a common enemy which men-society lies the hope of the future.

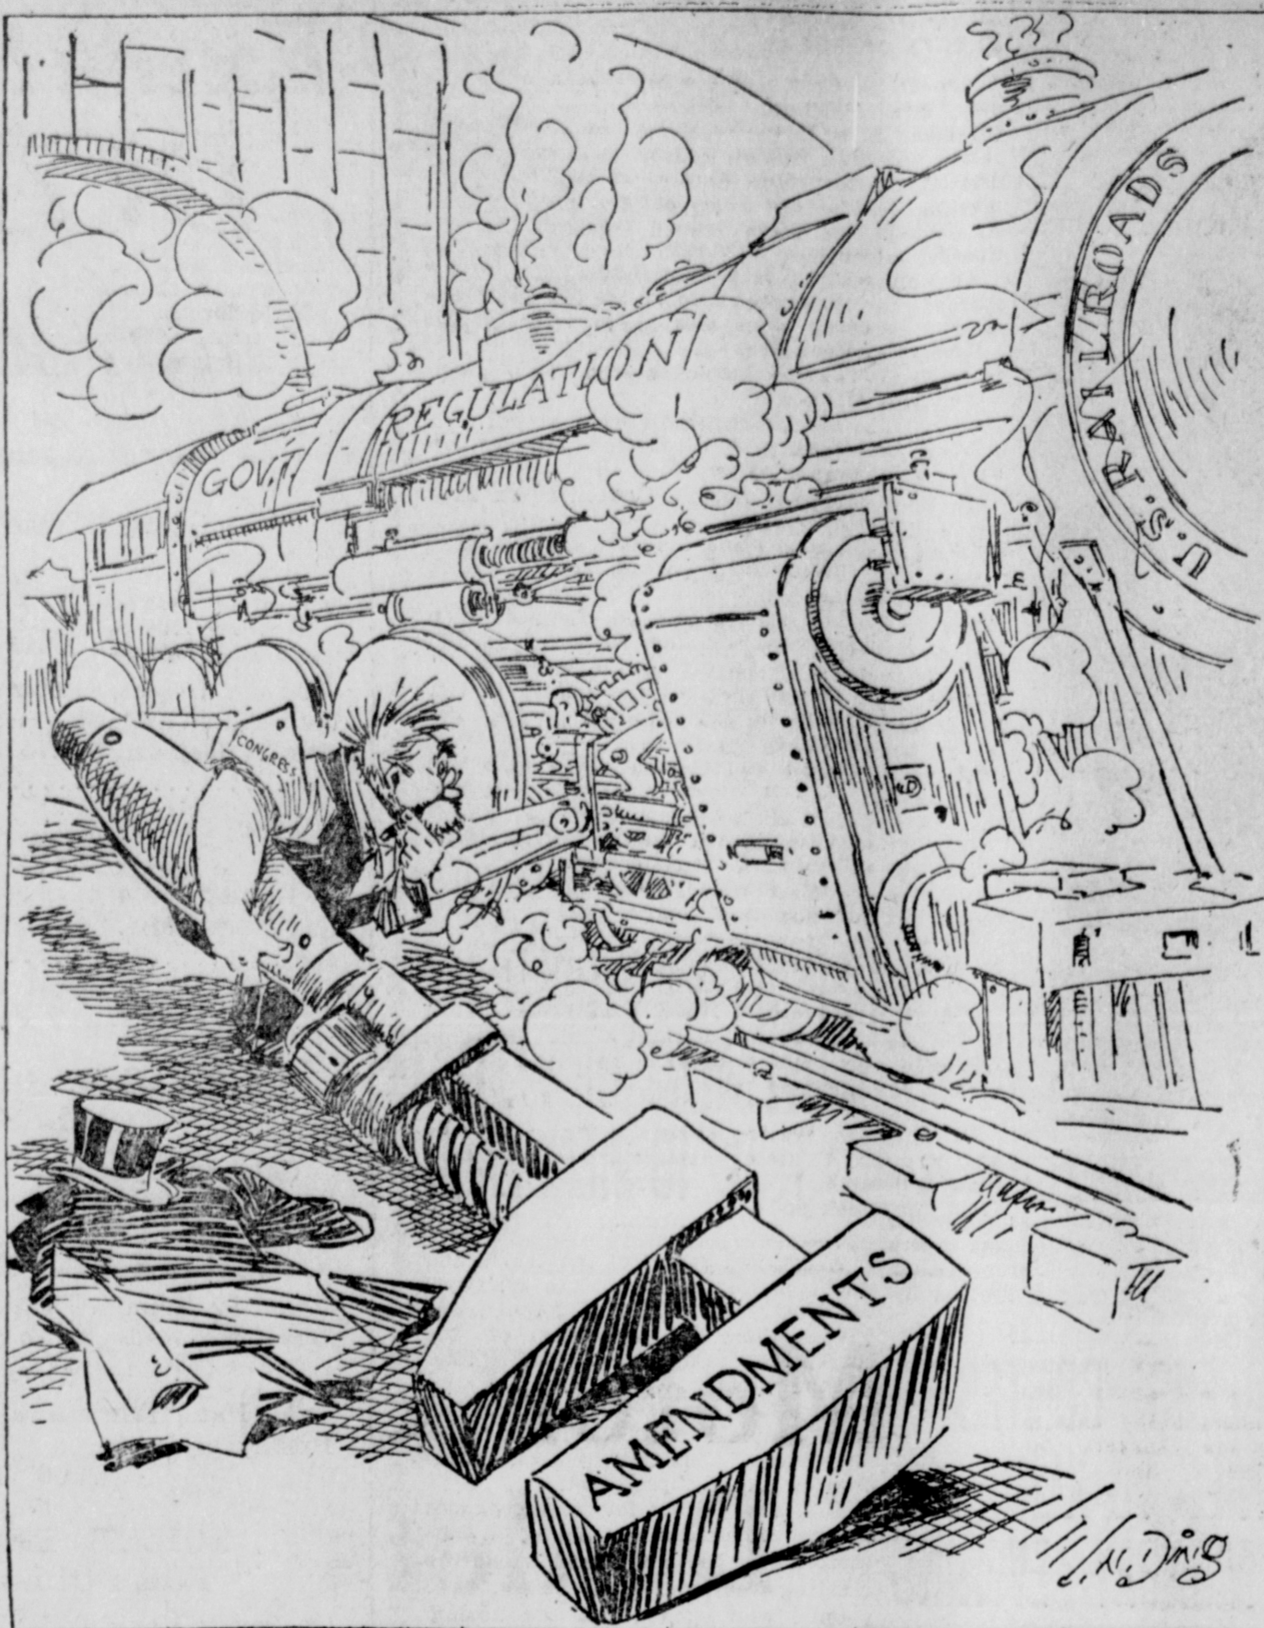

## DIVORCE UNIFORMITY.

The divorce laws of the Union reveals an extraordinary. The most rigid standard is that of South grants no divorces. In that State marriages between persons of Negro descent, or between whites between first cousins is forbidden. In New York the cause; but "the marriage may be annulled for rendered the relationship void at its inception." It is not specifically recognized; but Kentucky adds "burdensome" and Pennsylvania substitutes "personal indignities." The variations are too many. There may be nine or ten causes listed, but none of these are the same.

It is to be seen that the General Federation of labor has moved the General Federation of labor to strenuous and persistent effort at Washington to reform marriage and divorce law. A bill that has admitted five causes, as a compromise between the two. These would be: Unfaithfulness, cruel and inhuman treatment, incurable insanity, infamous crime. Two months must elapse between the trial; and after the divorce is granted an effort is to prevent marriage of either party for a

There does more than abrogate the marital tie. It is carried in haste to repent at leisure. It is a pity in the issue of marriage licenses. It is a pity that no legal impediment exists, and it is a pity that for those who make false statements of law. It is to encourage those who wish to make it easy to get married. But, if enforced, it will go far to the poison of social demoralization. There is no reason in human nature or in personal character to be in the seaboard or the inland reaches of the country so many different sets of warring regulations of marriage and divorce.

## BE SURE AND GET IT BACK TOGETHER AGAIN SO IT WILL RUN UNCLE

## 1902--Twenty Years Ago--1922

The Xenia High School football team left this morning for Washington, D. C., where they will meet the Washington boys on the gridiron for the second time this season. This game will be the last played this season, which no doubt will be easily won. The Gazette acknowledges a graphophone serenade by Mr. E. W. Wing of Clifton. The music came the nine miles as distinctly as if in the same room.

There has been no further drop in the price of coal in Xenia since the decrease of a few weeks ago when it fell from \$5 to \$4.75. The amount of coal that is being moved by the railroads just now is something almost unprecedented.

It is rumored now that there is soon to be a handle factory started at Cedarville. The site talked of is the Mitchell mill property now owned by Andrew Brothers.

## YOUTH INTO OLD AGE

The really supple figure never grows old. I have seen men in their woman of 60 who looks from the as young as men barely 30, and I have seen women of 60 or more, and many times a grandmother, with the youthful slenderness and activity of quite young girls. I have in mind a woman of 4 who looks from the back, when a hat conceals her gray hair, like a girl of 18.

This is never due to luck, it is due

usual. My advice is not for them, they are peculiarly blessed and do not need it. My advice is for the average woman who will grow stiff and bent and wrinkle as the years advance unless she takes precautions to preserve her figure and complexion. The first bit of advice is—don't get fat. Layers of flesh will keep you from exercising and will cover up any remaining trace of youth or grace. A girl of 17 with a fat figure does not look young.

The second bit of advice is—exercise the waist. If the waistline is supple all the motions of the body will be easy and graceful. If the waistline is stiff the whole body will seem stiff. Besides it will prevent a great number of natural little motions and exercises which, in themselves, would help keep the body young.

Waist bending exercises are the best. These will take flesh from the abdomen, hips, and up and down the back. Stand with the hands on the hips, bend forward and backward as far as possible and as far as possible to each side.

Jane—In practicing deep breathing stand before the glass at first to be sure that you have the correct position and then inhale deep breaths that fill the lower part of the lungs. Hold while you count three and then exhale slowly. Repeat this performance ten times at first and increase it each day.

If you find that you became dizzy at first, stop the breathing for an instant and then return to it immediately, as this only means that you are taking into your blood more oxygen than you have been accustomed to having; but since it also shows you how you have been carrying your system previous to this, it is too important to be ignored any longer. Gradually, this dizziness will disappear and with it will be richer blood, improved health and a cleaner skin.

## THE HEADACHE.

The headache saves us many hours of boredom and distress; with it we shield our divers bowers from long drawn weariness. When from my window I look out, to note the signs of rain, I see approach a windy scout who gives my soul a pain. Then to our servant maid I say, "Oh, Janet Rose McGinn, I have a headache fierce today, so let no callers in." My aunt attends a lecture course; she'll sit for hours on end, and listen to some speaker hoarse the Volstead act defend. Anon she says to me, "Ods plie, wilt thou not come with me?" "I have a headache," I reply, "and must drink boneset tea." When I am asked to fix a chair, to hoe or dig or sweep, I summon headaches from the air, or from the vasty deep. No doubt my neighbors think the aches that thus infest my head are hollow mockeries and fakes, but nothing have they said. For they have headaches too, at times, protecting them from foes, and from the tawdry talksmith crimes our bankrupt culture knows. The headache is the greatest gift to mortals and their wives, by kindly gods designed to lift some shadow from our lives.

## JURY DECIDES BY DECK OF CARDS

Sioux Falls, S. D., Nov. 22.—A verdict of guilty returned against George W. Egan, three times candidate for governor of South Dakota, on a charge of making false returns to insurance companies and resulting in a sentence to two years in the state penitentiary, was obtained through cutting a deck of playing cards, according to affidavits filed in circuit court by two of the jurors. The affidavits were filed in support of a motion for a new trial.

According to the affidavits, the jury had been deadlocked with 10 members for conviction and two for acquittal. After several hours, the affidavits say, the two objecting jurors decided to cut for high card to see whether they should retain their "not guilty" stand or agree with the other jurors. The cards said guilty, it was alleged, and a verdict to that effect was returned.

## QUICKLY REGAINS HIS OLD-TIME STRENGTH AND VIGOR

Mr. GEORGE CROSS, COLUMBUS, O.

Well Known and Popular Mission Worker in Columbus Pays Fine Tribute to Ka-di-ok.

Mr. George Cross, an old-time resident of this city, living at 1166 N. Pearl st., whose occupation is that of a carpenter, and who is well known to hundreds of people by reason of his activities in mission work, gratefully acknowledges the merits of Ka-di-ok. In a signed statement made by him recently he says: "Ka-di-ok is a remedy of great merit and I am pleased to publicly acknowledge it, as it may influence others to try it who may

be suffering as I did. I had stomach and kidney trouble for a long time—years, in fact—and I was in a very nervous condition; had no appetite and was very restless and sleepless at night. I had become very weak and barely had strength or ambition enough to get around and take care of things. I have taken a few bottles of Ka-di-ok and am now feeling fine. My appetite is very good and I sleep well; have no more pains in my back and have gained a great deal of strength. My experience with Ka-di-ok is very gratifying indeed and I shall always use it if I have any further sickness of this nature."

Ka-di-ok is on sale in Xenia at Sayre & Hemphill's Drug Store.

## Motor Car Dealers

*This Year's Sales Prove Hupmobile One of the Biggest Money Makers*

Dealers everywhere are demanding the agency for Hupmobile.

The tremendous increase in Hupmobile sales in the present year is responsible for this.

Dealers know that they can make more money with Hupmobile than with any other car. If you doubt this let us give you the facts.

Let us tell you what Hupmobile dealers in this territory do, and are doing, in a sales way.

### Get on the Road to Bigger Success

Don't deceive yourself as to the true situation. The sooner your eyes are opened, the quicker you will be on the road to bigger success than you have ever known.

Priced so that it occupies a commanding position, Hupmobile is today outselling many other cars lower in price.

Hupmobile is doing this because it is a better car and a bigger value. The Hupmobile is actually a fine car in every way, at a low price.

More people are finding this out every day. Owners are spreading the good news. Naturally, this helps the Hupmobile dealer. Inevitably it creates a stronger demand for the Hupmobile.

Today the dealer can sell Hupmobiles with greater ease; he can sell more of them, then ever before.

And, we know, he can make a handsome net profit on the Hupmobile.

### A Better Way to Larger Profits

You owe it to yourself to keep posted. Get the facts

Even if you don't get, or go in for, the Hupmobile contract, what you learn from us may show you the way to larger profits.

The men we want associated with us must be sound business men, with merchandising ability, and with reasonable bank credit. To such men we can assure a permanent, big paying business.

Why not let us hear from you? You can not lose. You may gain much from an interview. Write today.

## ALL NEW COUNTY COMMISSIONERS TO TAKE OFFICE SOON

All new county commissioners elected in Ohio this month, will take office the first Monday in January, according to a ruling of Secretary of State Harvey C. Smith given to the International News Service in Columbus Wednesday at the request of The Gazette and The Republican.

The ruling of the Secretary of State is based on the contest that arose because the words "short" term candidate" did not appear on the ballots at the 1920 regular election, whereas owing to the new law changing the length of term, one candidate had to be elected for a short term in order to change the terms so that all commissioners would not have to be elected at the same time.

Although this condition resulted in a controversy that developed at the primary on the question of whether there should be a commissioner elected this time or not, none of the so-called short-term commissioners who were selected because they ran "low man" in the last election when all three were elected, have so far entered protest or attempted to contest the question. A contest would throw the case before the State Supreme Court for decision, it is said.

In view of the fact that there is no contest pending, which concedes that all short term candidates will leave office without making a point of the defects of the ballots, the new commissioners will take office at the regular time, the first of the year without opposition under Secretary Smith's ruling.

The election this month was the first time the new law changing the terms has been operative and the first time that only one commissioner has been elected here. The law was passed to defeat the situation which sometimes resulted in three new commissioners assuming office at the same time.

Herman W. Flaver, elected county commissioner for Greene County to succeed R. D. Williamson, will take office the first Monday in January and will serve four years. Two commissioners will be elected in November 1924 to serve four year terms, beginning in 1925.

## STAGE ATTENDANCE CONTEST IN CLUB

R. D. Adair, and C. W. Murphy are the elected captains of the teams in the Xenia Rotary Club, in the attendance contest which will feature each of the weekly meetings of the club, during the month of December. The club members were divided into two groups at the meeting held Tuesday noon at the Elks' Club, when the attendance contest was launched. At the close of the contest, the losing team will banquet the winners.

## Chases Runaway Horse In Ford Car And Saves Boy

L. S. Stiles, shoe merchant, qualified as a movie hero Tuesday afternoon in a thrilling chase of a runaway horse through several residential blocks on North West Street, that probably saved the life or limb of an eight-year-old lad, whose name was not obtained.

Using a Ford Car, Stiles gave chase to the runaway equippage at Main and West streets, and he managed to draw along side of the frightened animal so that he caught hold of the bridle and brought the horse to a stop, at West and Union Streets. The frightened child in the wagon, hurried away before his name could be learned.

The chase began at Main and West Streets, when a man was driving the horse hitched to a heavy buckboard wagon. The horse had evidently been frightened when a part of the harness broke, and allowed the wagon to strike him in the hind legs at every step. Seeing the peril involved in the runaway, Stiles turned his machine at Main and West Streets, ran across the sidewalk and chased after the wagon north on West Street.

Between Main and Market Streets, the wagon, swinging from side to side, brushed a Ford Sedan parked along the street, and threw the man out. Stiles, following in his automobile, barely missed the man, but continued his chase to save the child. Both vehicles passed Market Street full speed, and Patrolman Ancil Stephens, who was in a machine at the corner, also took up the chase. As the wagon swung back and forth, hitting cuts and being caromed from one side of the road to the other, the child cried piteously. Several times the lad was almost knocked from the swinging wagon, in which he was lying prostrate while weeping copiously.

The chase continued down the West Street Hill, and up the hill toward Union Street Stiles managed to gain on the frightened animal. Up until that time he had not planned how he would affect the rescue, but was driving as fast as possible, with one hand on the wheel and the other on the horn button. On the steep grade the Ford gained on the horse, so that the machine drew alongside of the horse's head, with the back of the wagon striking the back of the Ford. At the intersection, Stiles, continuing to drive with one hand, reached out and caught the bridle, bringing the horse to an instant stop.

## LEGION HAS TWO GAMES NOW BOOKED

Indications that the American Legion football team would not accept the challenge of the "Jungle Apes," the team backed by the West Side Merchants for a Thanksgiving Day game, was given Wednesday when Manager Roy Bayliff announced an engagement for the Legion eleven for that day.

The Legion team will play Tipp City next Sunday afternoon at the Washington St. Park, and the Thanksgiving Day battle will be staged with the St. Marys team of Dayton. The Tipp City gang is one of the best in this section, having taken the measure of some of the best clubs in Dayton including contenders for the Gem City championship.

Local fans are confident however that if the local management can get its complete lineup on the field Sunday afternoon, the locals will have little to worry about. The backfield last Sunday was good, but the line was not up to standard. Promises from players assure the locals, that all hands will be ready for the pasting Sunday and Thanksgiving Day. Both games will start at 2:30 o'clock.

## DRINK WATER IF KIDNEYS HURT

Take a tablespoonful of Salts if Back pains or Bladder bothers.

Too much meat may produce uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back, or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning, and in a few days your kidneys may act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to help neutralize the acids in urine so it is no longer a source of irritation, thus often ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink, and nobody can make a mistake by taking a little occasionally to help to keep the kidneys clean and active. Drink plenty of water at all times. adv

## MORE MONEY NOW NEEDED AT T. B. HOSPITAL IS WORD

Increased facilities and more money for the district tuberculosis hospital at Springfield, are necessary if the institution is to give the greatest possible benefit to the community, according to Dr. O. M. Craven, Springfield city health director, Tuesday, following a careful survey of the hospital.

Dr. Craven called special attention to the need for better facilities for children who are patients at the institution. Although this work of a number of organizations and individuals on behalf of patients at the hospital is doing a great amount of good, more help is necessary if the patients are to get full benefit, said Dr. Craven.

"The insufficiency of maintenance funds is said to be due in part to ignoring legislators," Craven stated. "If this be true, it is high time that we send a committee of astute lobbyists to the legislature to present our community's need in this direction."

### COURT NEWS

#### Will Is Under Contest

Whether certain money derived from the sale of farm crops and property at the executor's sale should go as part of the estate or become a part of the property that goes to the beneficiary of the will, is the question involved in the case filed in Common Pleas Court by Grace F. Monroe, as executrix of the estate of J. S. Monroe, deceased, against Helen Boyd, The Citizens' National Bank and T. C. Long.

The plaintiff alleges that the will of Flora Monroe, deceased, divided a life estate in certain real estate in Greene County to J. S. Monroe, who died Sept. 22, 1922. The plaintiff avers that at the time of his death J. S. Monroe owned one-half of all the crops and personal property on the farm, that the hay had been harvested and the corn matured. The petition states that Helen Boyd, to whom the farm itself reverts, claimed the half-interest in this property and that when a public sale was arranged to settle the partnership interest between the deceased and his tenant, William Lawrence, that the defendant threatened to enjoin the sale.

Under a separate agreement, the proceeds were sold and the half interest under contest was deposited by T. C. Long, in the Citizens' Bank to await legal determination of its ownership. The amount under deposit is \$1,325.41, which the plaintiff alleges is the property of the estate of J. S. Monroe, and which she therefore, claims possession of. She asks for judgment and a court order directing that the money be turned over.

The defendant, in answer to the case filed late Tuesday, sets forth her claim to the property under an item of the will of the late Flora Monroe, which leaves all the interest and profits derived from the farm not disposed of by J. S. Monroe to her sister, Helen Boyd. The defendant alleges in her answer that since this money represented a part of the interest and profits not disposed of by J. S. Monroe under the terms of the will, that it is her property.

The law firm of Pogue, Hoffheimer and Pogue and Marcus Shoup represents the plaintiff and C. L. Darlington is attorney for the defendant.

**Two Divorce Actions Filed**  
Allie Alexander, 1106 East Church street, is plaintiff in an action for divorce in Common Pleas Court from Joe Alexander, whom she married October 20, 1913. She alleges wilful absence for more than three years and gross neglect of duty.

### A CHANGING WORLD

"We are living in a changing world. I never thought I could ever be cured of my stomach trouble. Medical science seemed unable to help me. But thank God we are progressing and now May's Wonderful Remedy has delivered me from all stomach symptoms. I am again able to eat anything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre & Hemphill and druggists everywhere.

### Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable cough medicine. Easily prepared, and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

filed an affidavit last March charging him with being the father of her unborn child, and that since he married her she has been guilty of extreme cruelty, associating with other men, and once threatening him with a butcher knife. The plaintiff claims the defendant has admitted he is not the father of the child, Thema, born August 24, 1922, but that if the court will give him custody of the child that he will care for it.

#### Brings Suit on Account

### FOOTBALL STARS OF FORMER AND PRESENT BRILLIANCE WILL TAKE FIELD IN CHARITY GAME, ON THANKSGIVING

Football stars, near-stars and former stars will make up the new eleven being backed by the West Side Merchants, and to be known as the "Jungle Apes," which hopes to take the field for the first time Thanksgiving Day with a local team and for a charitable purpose.

The Merchants backing the eleven have recruited bright constellations from the local gridiron firmament of past and present greatness, to represent them on the oblong. Their challenge is being thrown particularly at the feet of the American Legion eleven or the Imperial Athletic Club, and the agreement to be signed provides that the winner takes all the gate receipts, with the proviso that one-half of the amount be donated to either the Social Service League, or the Greene County Chapter, American Red Cross.

For two weeks these former luminaries of the gridiron world have been practicing, and with another week's training ahead of them, they feel they will be able to handle anything that either the Legion or the Imperials has to offer for the Turkey Day grid classic. The players have been recruited from former high school teams and other sources, and a partial list of them follows:

"Vicious" Mike Leachey, former Maroon star, will be seen at one of the ends; William Leachey, star Maroon and American Legion athlete will play at left halfback; William Derriek, former high school and Maroon luminary will be seen at quarterback; the Auburn-haired deerfoot, "Bud" Owens will shine at the other half; Les Stiles who played football when the Spanish-American war was the main topic of conversation, will play at guard; "Wolfey" Kiley, the artist, will be seen at one end; "Toughy" Fuller, former High School, Mercury, Maroon and American Legion star will play fullback; "Dad" Kearney, Mayor of the West Side, who has not been seen in action on the gridiron for some time, will be back in the mole skins; "Big Head" Gasslin, will perform at right tackle; "Derb" Derriek, the speed merchant, will be used at one end; "Butch" Fox, former Christ Church, Cincinnati star, will be in the game; Bill Rockfield, will play guard; "Monk" Coates, the comedian will display his eel-like proclivities at one end; "Hodge" Smith, the "Iron man" will appear at one half; Carl Beale, former High School and American Legion star; "Big Jug" Litter; Bruce Owens, "Big Boy" Smith, "Minnie" O'Connor; "Grinny" Milburn; Harry Sheets, Frank Barnes, former Hamilton High star; Tommy Neville, Bob and "Stony" Fuller, Harry "Pux" Lewis and Verne Stafford are others who will make up the team.

While the team expects to play other games besides the Thanksgiving Day conflict all efforts are now aimed at that one classic. Les Stiles is manager of the eleven and "Toughy" Fuller is coaching. While some of the players have been recruited from the regular Legion eleven because they live on the West Side, assurance is given that plenty of Legion stars will be back in harness to furnish a team. These players will be Frank Leachey, Wilson, Fisher, Buck, Thomas, McCoy, Tullis, H. Walker, Baker, Henry, Al Borton, Fred Borton, Shroades, Pritchard, Houk, Bert Hoag, Cliff Hoag, Horen, Harner, Stephens and others who will probably be recruited if the Legion picks up the gauntlet.

#### TWO ARE ARRESTED

Jerro Wood, New Burlington and Frank Archer, of near Jamestown, were each fined \$10 and costs for plain drugging by Judge E. D. Smith in police Court Wednesday morning. Wood was arrested Tuesday evening by Patrolman Fred Jones. Archer was taken in custody by Patrolmen Stephens and Spencer.

### THE BETTER WAY TO HEALTH

HEALTH TALK No. 2.  
G. C. DONOHOO, D. C.

"What can Chiropractic do for me?" is a question asked us daily. We never attempt to give an answer without first making a careful examination of the spine to determine whether nerve pressure is causing the sickness. If we find this nerve pressure—the CAUSE of the trouble—then we advise Chiropractic Adjustments.

"Do you think you can get me well?" is the next question asked. We say there is within the body, when supplied with food, everything necessary to enable the body to maintain perfect health. The trouble is that some part of the human machine is not working as it should, because it is not receiving its share of operative power. This power

is NERVE FORCE, and it should be delivered to all parts of the body by the nerves.

Chiropractic Adjustments get sick people well by making it possible for the nerves to do their share of work imposed upon them. We simply release the pressure which is shutting off the full flow of nerve current to the part of your body affected. This removes the CAUSE of your trouble, and everyone knows that once the cause of sickness is corrected, health will follow.

We want the opportunity of answering YOUR questions that you may understand WHY Chiropractic is the better way to health. Consultation is free.

ANOTHER XENIA CASE

at another report of a case in  
Xenia. Another typical case. Kid-  
ney ailments relieved in Xenia with  
Dr. Richards' Kidney Pills.

L. Richards, prop. barber shop,  
W. Second St., Xenia, says: "A  
time ago I began using Doan's  
Kidney Pills to relieve me of the  
bleeding in my back. My  
back was sore and ached constantly  
there seemed to be a heavy  
weight pressing through it. Mornings my  
back and shoulders were so lame and  
I could hardly get out of bed.  
When I stooped over I had sharp  
pains through my back. My kid-  
neys were irregular in action and at  
times I had to get up several times  
at night to the kidney secretions, which  
were scaling and highly colored.  
Doan's Kidney Pills were highly  
recommended so I got some. Several  
days relieved me of those sharp  
pains in my back and my kidneys  
were normal."

## MEMBERSHIP DRIVE STARTED BY LOCAL ORDER OF MOOSE

"Seventy new members" is the slogan of Xenia Lodge, No. 1624, Loyal Order of Moose, which is now making a concerted membership drive to add that number to its roster.

That one fourth of the quota set has already been obtained, is the statement of committee members, who hope to add the full list of candidates before the time limit is up. Part of these candidates will be taken in Thanksgiving eve and a second class will be held about the first of the year.

The Loyal Order of Moose has an enviable patriotic and charitable record, and the Xenia Lodge has been keeping up this standard set by the national organization. Its home for orphans at Mooseheart, Ill., founded by James J. Davis, U. S. Secretary of Labor in President Harding's cabinet is one of its most important achievements.

Further than this charitable work, the Lodge also takes care of its sick, buries its dead and educates the orphans. During the war the Order showed true patriotism, and the Xenia Lodge played an important part in affairs by furnishing a band for all patriotic celebrations and drives and contributing liberally.

Although Xenia Lodge was only organized in 1915 it now has 240 members and its finances are in such condition that it already has sufficient money to provide a home of its own.

### JUSTICE OF PEACE ASKED TO DECIDE WHETHER FORD CAN OUTKICK MULE OR WHETHER CONVERSE IS TRUE

Can a mule outkick a Ford, or is the opposite the case? This was one of the questions involved when the case of William Marshall against P. E. Rumbaugh, came up for hearing before Justice of the Peace J. E. Jones.

The defendant alleged just the opposite. He claims that while Marshall was driving the Marshall car near the East Point school, the Ford unwarranted and without warning sneaked up on the mule which was gambling about on the and struck the animal a nasty blow on the rear portion, pushed it the above described distance down the public highway.

The plaintiff asked for a \$20 judgment to cover damages to the radiator of the flivver, based on the assertion that the mule had no business cavorting about the public thoroughfare. The defendant fought the case on the ground that the mule had escaped on his own volition and without the knowledge of the owner.

Justice of the Peace Jones decided in favor of the defendant alleging that the plaintiff failed to show the mule had been purposely let out and stranded on the highway. In court, the plaintiff was represented by Attorney F. L. Johnson and the defendant by Attorney Marcus Shoup.

## Chapters From A Woman's Life

BY JANE PHELPS

### A BAD BEGINNING AND A GOOD ENDING

#### CHAPTER 33

After Claire and Mrs. Page left I sat for half an hour without moving. My nerves were all on edge. She had been unusually exasperating and I could still hear Jennie slamming about noisily in the kitchen, a way she had of showing her anger.

Finally with a sigh I went out to her.

"We shall be alone all day, Jennie. Miss Gordon has taken Mrs. Page out for the day."

"Glorious! I wish she'd keep her for good! Did she take that purp along?"

"Yes," I sighed again. Jennie was repentant at once. Said she:

"Now don't you go to feelin' bad! I know I got cross this mornin' but that old woman would make a saint cross, and the good Lord knows I'm no saint. My temper gets the best of me when she comes round bossin'."

No girl likes company tellin' her what to do. Then that dog is always in her arms, she making sick speeches to him. I can't abide that animal, I can't! I feel like takin' off my apron and quitin every time she brings him into the kitchen, callin' him 'pet' and 'darlin' and such like."

"But, Jennie, she won't stay much longer perhaps. And I just can't teach another girl now. If you go I'll have to go too," I said laughing a little.

"Sure now that's the queer thing you're sayin', you leave too! I would be the grand joke on her." She laughed heartily and I knew that for the time my battle was won.

We worked hard all the morning. I even ate my luncheon in the kitchen so we could accomplish all possible. We thoroughly cleaned Mrs. Page's room, I put up fresh curtains, and some flowers on her table. I too had been rather disagreeable that morning and after all she was Walter's mother.

As we worked I gave Jennie some directions about serving and dishing the food—things Mrs. Page had spoken of and found fault with. I said nothing of her but allowed Jennie to think it was my own ideas.

"It is just as easy to do things the right way as the wrong when you get into the habit," I told her.

"Sure it is! And I likes to do them nice for you and Mr. Page. He's the one nice man in a house he is. I've worked where they ain't so nice and I know."

"He would feel as badly as I if you should leave us, Jennie," I replied trying tactfully to make the girl contented until Mrs. Page left us. "And he is very fond of his mother. It hurts him when you are impudent."

"It's the Irish in me," she said with a grin. "I can't keep from gettin' mad."

"Keep that Irish in place if you can," I returned. Once more things would be serene in the kitchen—for a little while.

About 2 o'clock I was surprised to hear Walter's voice.

"Get your duds on and we'll take a spin," he said coming into my room, where with a dust cap on I was still working.

"All right!" I snatched the cap off. "How comes?" I asked gayly.

"I have to go out into the country a ways. Thought you would like to go. Where's the matter?"

"Claire took her out in the country this morning to see that Mrs. Eldredge."

"Good work! Hurry now and we'll have a nice ride. I won't go back to the studio today. You need a little fun, I felt so sorry you were cheated out of the party, have been intending to make up for it in some way, but today was the first chance I had. It's a glorious day. Then: 'Jennie' he called, 'we won't be back for dinner! Tell Miss Gordon she is to stay and keep my mother company.'"

"Yes, sir," Jennie answered pleasantly. "I'll do my best to keep her. And it's fine you're takin' Mrs. Page out. She don't have much fun nowadays."

Her smile fairly reeked with impudence but Walter only laughed as

he replied: "We must see she has more fun then."

"Tomorrow—Another Honeymoon."

Washington, Nov. 22.—Payment of a bounty of 25 cents for each pennyweight of gold produced in the United States is proposed in a bill introduced by Senator Oddie, Republican of Nevada. Enactment of the bill, Senator Oddie said in a statement, would be a necessary adjustment to compensate for present increased costs of producing gold, and would increase gold production which has dropped from \$101,000,000 in 1915 to \$50,000,000 in 1921.
